EXAMINER INTERVIEW SUMMARY RECORD

Paper No. 3

Commissioner for Patents
P.O.Box 1450
Alexandria, VA 22313-1450

Sir:

It is Applicant's understanding that, in accordance with the telephone conference with the Supervisory Primary Examiner, Mr. Stephen Chin on Wednesday, 18 May 2005, in view of the file history of the above-captioned application, it appears that the papers for the above-captioned application had been lost in the Office sometime in 2001 or 2002, that the Office could not process the case for the image file wrapper (IFW) while the papers were missing, that only on 23 April 2005 the IFW processing was completed, and that the case is now ready for examination by the Examiner.

In response to the Applicant's request that the Examiner give priority to the above-captioned application in view of the years lapsed away without examination while the papers were missing in the Office, Mr. Chin kindly agreed to strongly encourage the Examiner to give first priority to the above-captioned application.

Accordingly, Applicant expects to receive a first Office action for the above-captioned application in a few months.

The courtesy kindly extended by the Supervisory Primary Examiner, Mr. Stephen Chin, is noted with appreciation.

Respectfully submitted,

Robert E. Bushnell,
Attorney for the Applicant
